

**What are my RSVP benefits?** Discover a volunteer position that is the right fit with your skills, talents, interests and life experience. Strengthen our community, help others who are less fortunate and make some new friends. Receive free liability insurance, a newsletter with valuable information, and invitations to fun social events. Receive emails about one-time projects or events in the community that offer you flexibility and variety to your volunteer experience.

**Why am I required to report my volunteer hours to RSVP?** Volunteer hours verify that you are actively volunteering and therefore eligible to receive RSVP benefits. Volunteer hours provide insight into the tremendous impact, accomplishments and value that over 500 volunteers have in meeting community needs. Number of hours, along with other data, is mandated by our funders and this enables RSVP to stay viable to provide services to you and our community.

**How do I report my volunteer hours?** Every month that you volunteer, visit the RSVP website [www.rsvpgrandjunction.org](http://www.rsvpgrandjunction.org) . Enter your user name and password available from RSVP. Another option is to use printed timesheets we provide you (you can also find them on the website) and return them in postal mail or scan and email them back to [recruit@rsvpgrandjunction.org](mailto:recruit@rsvpgrandjunction.org).
